EMC Church Planting...  
Reaching People in  
Urban Centres

# CAMPAIGN OF **ONE**

ONE CITY. ONE CHURCH PLANTER. ONE CALLING.

*Profile*

**London, Ontario**

## The EMC's Campaign of One is looking for one church planter to work in one Canadian city.

Is that person you?

Are you being called to start a church in London?

The Apostle Paul was one person, yet he planted many churches and had a massive impact for eternity.

We are searching to find one person or family who is called by the Lord to plant a church in one of Canada's cities—and to help them to fulfill that calling.

## London, Ontario

London, Ontario is built along the historic Thames River and is sometimes affectionately called “Forest City” because of the many trees throughout the city. The greater London metropolitan area has a population of more than 470,000. It is located in Southwestern Ontario, about half-way between Toronto and Detroit and between three great lakes.

Many people from surrounding cities and municipalities are sent to London for advanced medical procedures, because of the large and well-equipped hospitals in the city. Others come to attend one of several post-secondary institutions including Western University.

London is home to more than 75,000 immigrants, who represent just over 20% of the population. One third of visible minorities in London are Latin American or Arab. According to the 2011 census data, more than 9,000 Londoners speak Spanish (2%), more than 8,000 speak Arabic (1.9%), and more than 6,000 speak Polish (1.4%).

In a search through the major denominational databases online, there were only three churches in the city that are clearly within the Evangelical /Anabaptist tradition. Two are Mennonite Brethren churches (MB), and one is Brethren in Christ (BiC). There may be some independent Evangelical /Anabaptist churches as well, but that is very few for this population. London is only a 45-minute drive from several other EMC churches in Region 9.
